ONE BRAND SAW IT COMING, EXCLUSIVE INNOVATION **VEZOS**

Manual no: 9873315

[vezos.co.uk](http://vezos.co.uk)

- British Group -

VEZOS has proven to the market, that when it comes down to hydraulic airless sprayers, no competition applies. From large transformable hydraulic sprayers, to textures pumps, electric hydraulic mid-range sprayers & hydraulic line striping equipment, VEZOS has taken the lead in the industry. So what comes next? Naturally a brand new innovation..

### **“1ST - MEDIUM & LIGHT COATING HYDRAULIC AIRLESS SPRAYER”**

1 - 1.5hp

#### **DURA Light Coating Series**

DURA LC series consist of nine hydraulic sprayer models. Depending on the average jobs that you take on, VEZOS offers a complete series of this new trend!

DURA LC airless sprayers are the first hydraulic light and medium coating airless sprayers, designed especially for everyday painting jobs and intended for professional working in the constructions harsh environment that need more out of their equipment.

Heavy duty all wrapped up in a compact package is the ultimate solution for any professional. DURA LC is equipped with a 2" pump stroke, eliminating by 30% the loss of material due to its high pulsation.

This unique range is powered by 1 - 1.5hp electric motors and of course VEZOS Hydrex black pumps.

DURA LC airless paint sprayers have arrived. So what actually makes this series different to the markets already existing small electric sprayers?

### **DURA LC sprayers are hydraulic!**

Yes, VEZOS has once again innovated and is able to offer light and mid range contractors, a heavy duty hydraulic unit wrapped up in a compact package.

#### **Analyzing the Hydraulic Factor**

- ⇒ Tough operation regardless power source
- ⇒ Professional heavy duty machinery
- ⇒ No downtimes, due to often service
- ⇒ Cost effective, no expensive controls
- ⇒ Less service due to tough construction
- ⇒ Increased productivity
- ⇒ Large material inlets, no material clogging
- ⇒ Long life operation
- ⇒ Splash resistant

DURA LC sprayers are fan cooled with VEZOS innovative T.C.S. technology, also found on the brands heavy duty sprayers. This new range of airless sprayers has nothing to envy from a large hydraulic airless, all the technology input has been based on the HD series that VEZOS designs, therefore DURA LC is a compact version, offering housing and light commercial contractors the opportunity to spray with a highly professional airless sprayer instead of an electronic unit, that has up to now been a monopoly in the market. DURA LC dares to compete and is up to the comparison. Try it out!

#### **Hyper Stroke Factor**

- \* 2" pump stroke
- \* Longer stroke, increased suction, better delivery
- \* 200% plus stroke compared to competition
- \* Slow stroke pump, increased material per spray
- \* Extreme inlet size for accurate pumping

DURA LC airless paint sprayers, are ideal for all types of internal and external paint coating applications. Due to VEZOS innovative hydraulic technology, it is now possible to get the maximum performance out of a small spray.

DURA LC models are equipped with a built-in filter, pressure adjuster and drain valve. All models include 15 meters of paint hose, airless spray gun and tip. Choose between a high cart or stand edition, depending on your average job needs.

#### **Check out the complete DURA range**

VEZOS DURA hydraulic airless sprayer range is divided into two categories DURA LC & DURA HC.

DURA LC range, has been designed for medium to large contractors that need more out of their spray. A hydraulic mid range electric series available in two working pressure options - 230 bar & 177 bar *high flow* version.

For more information about VEZOS airless sprayers, ask your local supplier or visit our website [www.vezos.co.uk](http://www.vezos.co.uk)

# HYPER STROKE

electronic part replacements. Equipped with VEZOS new Hydrex **2" length slow stroke pump** for maximum delivery and increased suction no matter the application. DURA LC airless paint sprayers combine VEZOS heavy duty hydraulic technology in a small package!

DURA LC series is the first hydraulic **1 hp** powered airless sprayers in the industry. VEZOS provides light and mid range housing contractors an alternative to classic electric sprayers, reducing service downtime and expensive

 **200% plus stroke** compared to competition

 **2" Stroke length**

 **1 - 1.5 HP** hydraulic airless paint spray

 Up to **30% less loss** due to high pulsation

 No control boards

 Longer stroke results to increased suction, developing better material delivery

 Heavy duty features in a small package

 Built in filter & pressure gauge for best monitoring while operating

## DURA LC 300

Hydraulic Airless Paint Sprayer 1hp

Professional performance with the 1st hydraulic mid range airless sprayer **1hp**. VEZOS trend changing small hydraulic airless paint sprayer, offers light commercial painters a true pro unit to get the job done. Equipped with VEZOS Hydrex linear piston pump, TCS technology and heavy duty features, this entry level airless spray will become your everyday partner.

### Advantages

- No broken electronic parts
- Increased material per spray
- No power fluctuations
- Longer stroke - better delivery
- Intended for harsh environment

### Applications

- Light commercial painting
- Small - medium touch up jobs
- Exterior / interior house painting
- Property maintenance
- Medium to light jobs

### Materials

- Interior acrylic paint
- Emulsions
- Lacquers
- Exterior paints
- Varnishes
- Enamels
- Primers
- Latex

Heavy duty features

### Features

- Hydraulic operation
- Stand & High Cart version
- 2" pump stroke
- 1 horsepower motor

## Mid-range hydraulic airless

DURA LC airless sprayers are the ideal choice for medium size residential external coating jobs and easy to maneuver around the site. DURA LC series is available in a stand or high cart version, depending on the contractor's average needs.

This innovative hydraulic range by VEZOS offers to

mid range contractors, everyday reliability with a small size sprayer, designed for the constructions harsh environment.

Compact size for easy transportation & job site maneuvering.

For professional painting contractors that take on light to medium size new jobs sites, DURA LC 350 airless paint sprayer powered with a 1.5hp electric motor, provides hydraulic technology and heavy duty features all in one compact unit. Spray all interior coating materials such as acrylic paint, emulsions, primers, latex, varnishes, enamels.... Equipped with VEZOS T.C.S. technology & Hydraulic linear piston pump.

External property maintenance needs the correct airless sprayer, therefore a hydraulic unit that can vouch for you, DURA LC series is splash resistant and fan cooled, allowing users to work under any weather circumstances.

VEZOS excludes electronics when it comes down to designing professional paint equipment, the reasons are simple ... no expensive repairs, no fear of power fluctuations, no downtimes.

The job site is no place for electronic devices, that's why VEZOS specializes in designing new and innovative solutions, tailored to painting contractors needs.

DURA LC is the markets 1st one horsepower hydraulic airless paint sprayer *(presented 05/2018)*

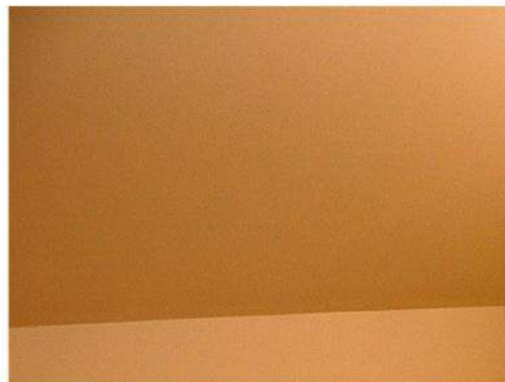

Increased productivity on everyday light to medium commercial or residential job sites. DURA LC high cart airless paint sprayer, offers its users the material suction option of either a direct immerse pump or suction kit - available on all DURA LC cart models.

Internal light commercial painting, renovation & property maintenance cover a large percentage of the industry's coating applications performed daily.

Professional mid size contractors need to get the most out of their sprayer, therefore VEZOS new light coating series DURA LC enters the market with 9 new models and a unique technology, designed especially for this industry.

**Dare to compare ?**

Monitor the DURA LC airless sprayer with a high pressure gauge, indicating the pressure depending on the coating materials, horsepower & paint hose length. Accurate pumping with VEZOS Hydrex slow stroke 2" length and extreme size inlet ball covering a large family of spraying materials.

## Industry's **1st** small hydraulic airless !

### Forget electronics ...

Have you ever wondered why all heavy duty sprayers are hydraulic?  
Ever wished that you had a real professional airless sprayer intended specifically for your average medium size jobs?

VEZOS understands hydraulics better than any other airless manufacturer, therefore has push its design to the limits by designing the markets very first small & compact hydraulic airless sprayer.

No electronic board breakdowns, no expensive service,  
VEZOS focuses on your needs with the 1st light coating hydraulic airless!

### run with hydraulics!!

## Think different. Think strong!

*"...VEZOS motto is focused on our brand's products and innovation, by offering the market a different and innovative solution with each product designed and manufactured by our team. Innovation is VEZOS aim; each product has been carefully evaluated in order to offer its users and the market a new technology and a new invention. We think different to the competition, we think out of the box and that is why the VEZOS products have changed the industry's mentality over the years. Sanding with a gripping effect, achieving amazing working heights, tunnel cooling hydraulic systems, upright & compact airless designs are only a few of VEZOS innovations that are included in our portfolio. We think different, we think strong, as any product that we present to the market becomes a lifelong partner to its user..."*

*- Dimitris Vezos, Inventor*
